Exit Destinations Key

These instructions refer to Appendix A for which destinations are considered “acceptable” and “permanent” based on the project type from which the client exited.

1. This chart refers to program leavers. A “leaver” in this metric means the client must have exited your PH project in the reporting period.
2. Reference the destinations of the project exits against Appendix A and the “PH” column. Destinations indicated with an X (values 6, 15, 25, and 24) should be completely excluded from the housing stability, successful exits, and recidivism measures.
3. All housing destinations with a checkbox in the PH column are considered a positive or “successful” exits (values 26, 11, 21, 3, 10, 28, 20, 19, 31, 22, 23).
4. All housing destinations with nothing in the PH column are considered a negative or “unsuccessful” exits (values 1, 14, 7, 27, 16, 4, 29, 18, 12, 13, 5, 2, 25, 8, 9, 99, 30, 17).
